

Emma Johnson

Level 3 Health and Social Care for Adults Diploma

My tutor was very helpful and assisted me with learning, gave me confidence, and gave me time to finish work when I struggled.

More confident in my role and generally in life.

Happy to take on the supervisory role and give constructive feedback to others and also take feedback better.

Overall I have been delighted with my learning experience and would recommend Ashley Hunter to my colleagues, as I feel I have had the support needed to enable me to complete all work, at a pace I was comfortable with.
